

Heriberto Santana Solsona

Full-Stack Web Developer

In 2023, I embarked on a career as a full-stack web developer after discovering web development at DCI. This path has rekindled my creativity and problem-solving skills. I gained a solid understanding of building web applications and was selected for the DCI tutoring program, where I supported classmates and improved my interpersonal skills through collaboration.

Education

- **Web Development Full-Stack**
Digital Career Institute (DCI), Germany
 - 01.2023 – Present
- **Geprüfte Gerüstbau-Montuer Certification**
Handwerkskammer für Oberfranken, Germany
Completed in 2021
 -
- **Industrial Design**
ISDI, Design University Havana
2008–2011

Skills

- Full-Stack Web Development
- Planning and Coordination
- Problem Solving
- Project Management
- Continuous Learning
- Critical Thinking
- Team Leadership

Languages

- Spanish (Native)
- German (Fluent)
- English (Fluent)

Experience

- 03.2024– Present
Digital Career Institute Berlin
Tutor

As a tutor at DCI, my main role was to assist classmates in their studies, clarify course content, and provide support on their projects, fostering a collaborative learning environment.

- 01.2023 – 08.2023
Paul Becker GmbH
Scaffolding Team Leader

At Paul Becker GmbH, I continued to lead construction crews, focusing on effective project execution and problem-solving. My role required strong leadership and attention to detail to maintain safety compliance and project timelines, ensuring successful completion of all assignments.

- 02.2021 – 12.2022
Gerüstbau Hirsch und Straubel
Scaffolding Team Leader

In my role as a crew leader at Gerüstbau Hirsch und Straubel, I was responsible for interpreting construction blueprints, selecting the necessary materials, and ensuring their transport to the project site. I managed the on-site construction process, ensuring efficiency and adherence to safety standards.
